

Ride to Ducky's - Andalusia - 50 miles

From Illinois DOT Bicycling Map

Ducky's is a nice tavern restaurant in Andalusia that services the boating community. It is right along the Mississippi River and has good food. The out trip is the long one at about 30 miles. The return trip is about 20 miles. There is at least one key hill in each direction. However, if you would like more...they are available.

To Ducky's is in GREEN:

Head across the Norbert Beckey high bridge off of Second Street and into Illinois. Ride about two miles and turn right onto the New Boston blacktop. Do not ride up the hill on Hwy 92.

After the turn it is about 5 miles to the County Line Road-RR. Turn left and climb this hill to get on top of the bluff. After about 6 miles of flat, there will be a short half mile jog North before heading East again.

DO NOT get too excited about Buffalo Prairie. If you are thirsting for a beer, you are out of luck.

Ride about three miles east until you hit the Co. Road F (Andalusia Road) then turn north. If for some reason you miss this turn and suddenly begin heading south; turn around.

Continue north on Co. Road F until you see Hwy 192 into Edgington. There is a convenience store in the town of Edgington; but not much else.

Head north out of Edgington and it will be a long downhill grade until you get to Hwy 92 near the Mississippi River. Look to the right and Ducky's is about a block away from the stop sign at the bottom of the hill. Ducky's has good food and cold beer.

Return to Muscatine is in PURPLE.

Head up the same hill you rode down and back to Edgington. It will not be as much fun, as before. Especially if you have had a big meal and a few beers.

Follow 192 West out of Edgington until it connects with Co. Road F and head about 1 mile north. Follow Hwy 92, west back to Muscatine. There is nothing in Illinois City. Hopefully you have something in your panniers.
